STAT

STAT

I have your letter of 7 November 1950, offering your services in the interest of national defense and have discussed several broad possibilities with my personnel people.

I would appreciate your completing the enclosed Form-57 and returning it to our Personnel Director at this same address as soon as convenient. With this specific information we will be able to determine all possibilities before asking you to get together with us for a personal discussion.

I do appreciate the interest which prompted your kind offer and assure you that we will give it every consideration.

Sincerely,

sgd - disp via ER 11/20/50

WILLIAM H. JACKSON
